

NEW ENGLAND AQUARIUM DIVE CLUB, INC. NEWSLETTER

May 2002

NEADC Web Site: www.NEADC.org

NEADC GENERAL MEETING

WEDNESDAY, 6:30 p.m. May 15, 2002 at New England Aquarium Immersion Theater at the base of the Boston Harbor Garage. May's Formal Speaker: Come to the meeting in May and see world famous photographer "ANDY MARTINEZ" showing his newest and greatest underwater slides. He will also be available to sign and sell his books. Martinez has an extensive photojournalism background. His work has been published in most nature, travel and dive magazines in the US and other countries. Andy has had photo assignments for National Geographic to the Fiji Islands, Bonaire and Cape Cod. He has led marine biology and travel groups to the Galapagos, Cayman and Bay Islands. His photographs are currently being used in books or displays in most of the country's aquaria. He has also been giving lectures at The Boston Sea Rovers' underwater symposium for the past several years.

INFORMAL MEETING

The informal meeting will be June 5th, 2002 at the home of Angela and Barry Rabinovitz. See page 2 for Directions.

NEWSLETTER DEADLINE

Submit your news for the next Newsletter by
Friday, May 24, 2002!
for the **JUNE EDITION** of the NEADC Newsletter. Submissions should be forwarded by e-mail at newsletter@neadc.org.

DIRECTIONS TO INFORMAL MEETING:

The informal meeting will be June 5th, 2002 at the home of Angela and Barry Rabinovitz 467 Quincy Shore Drive, North Quincy, MA (617) 328- 7080.

From Route 93 South: Take Exit 12 Neponset-Marina Bay, go straight ahead off the exit ramp past Staples and Walgreen's. Follow signs for Quincy through the traffic light. Then bear left following signs for Wollaston Beach. You are now on Quincy Shore Drive. Continue straight, you will see a Dunkin Donuts at the beginning of the beach. Continue for six streets on the right (they come quick) then turn right on Webster street. We are on the corner of Webster Street and Quincy Shore Drive. Look for Dominica Sperm Whale weathervane.

From Route 93 North: Take the E. Milton/ N. Quincy exit. Continue straight at 1st set of lights in E. Milton Square. At the second set of lights, turn right onto Squantum street. Follow straight for about 1 mile, you will cross over Hancock Street (N. Quincy High will be on your left) continue straight for about 3/4 mi and turn right on Webster Street. Follow to the end- Last house on the left before the water. Look for the Dominica Sperm Whale weathervane.

YMCA SLAM Rescue Diver

May 18, 2002 (pool & lecture)

June 1, 2002 (open water) Cost: \$125

To register, contact Ted Maney at e.maney@neu.edu

FROM YOUR PRESIDENT Maryhelen Shuman-Groh

Sunday, April 28th, was NEADC's annual Whale Watch aboard the Voyager III. We watched the weather reports all weekend thinking that the trip would be canceled by predicted high winds and rain. Sunday morning was gray and chill, not boding well for the trip, but no announcement came from the Aquarium so we assembled. Only 45 of the 60 people scheduled made it and by time we boarded the boat, the rain was coming down hard. The trip out of Boston Harbor was uneventful, even a bit boring. Between everyone was pretty much staying inside the cabins and the cold weather outside, a heavy layer of condensation prevented viewing what little could be seen of the Harbor departure. It was immediately evident from the lurching of the boat when we hit the outer harbor and made our way to Stellwagen. The crew was quite pleased, though, because the swells were significantly smaller than predicted.

First sightings were of fin back whale blow on the distance gray horizon. As we moved closer other blows could be seen, there were six fin backs in the area. Three in close proximity were a mother and calf with an adult escort. Not surprisingly, since fin backs are shy and fast, these animals moved quickly away from the boat. However, the second largest mammals in the world had attracted many mischievous Atlantic White Sided Dolphins who ride the wake of the great whales and eat the small fish herded by them. Before long we had the LAGs as they are called, surfing in the wake of the Voyager III. We spent quite a bit of time enjoying the antics of the LAGs and glimpsing the finners' dorsals before moving off in search of other species.

The boat was about to turn back towards port when there was a spectacular double breach by a baby humpback! We slowly drifted into the area and the gigantic baby came by to spyhop, lifting his huge head out of the sea to get a good look at the funny people on the boat. Baby gave us another breach and a couple more spyhops before Mom resurfaced and we watched them swim off, arching and lifting their great flukes in good-bye to end our whale viewing. Another successful NEADC whale watch. Hope you can join us next year!

FROM YOUR SECRETARY Anna Krowczynska

Don't miss the opportunity to make a history and maybe be even star on a local TV. Join us on May 11 for a fun day of diving and weed pulling in Dudley Pond in Wayland. There will be also family cookout and chance to win four day diving trip to Caribbean for two. Diving from 8 am to 3 pm.

FROM YOUR SHORE DIVING COORDINATOR Peter McCarthy

Thank you to all of you who attended the shore dive planning meeting and volunteered to lead dives! The meeting was very productive, and we have a lot of great upcoming dives on the calendar now, thanks to all of you!

New divers: Please come join our shore dives! Our dives are a great way for you to gain experience, improve your skills, and meet other divers!!

Experienced divers: Please come join our shore dives also! You can offer lots of wonderful insight and mentoring to some of the newer divers who are just starting to get involved in this great sport!

Please see our updated calendar for shore dives throughout the month of May.

Other upcoming diving trips and activities:

- Mid-July trip to Les Escoumins is now being planned - for diving, whale watching, kayaking, etc. Les Escoumins is 12 hours from Boston, 3 hours northeast of Quebec City, and the trip will be approximately 7-10 days. Anyone interested please contact Jean Stefanik for more info via e-mail at jeango4it@aol.com or phone (603) 647-1063. For lodging info or reservations call the resort (Essipit) directly at 888-868-6666.
- Friday, July 26th: Three-Dive Boat Trip, 7 a.m.-5 p.m., Gloucester, MA - Hot showers, spacious boat, and group gets to choose dives sites! Limited number of spaces available, contact Donna Romano via e-mail romano@mgh.harvard.edu or phone (617) 726-4222.

MD'S CORNER by Jim Carozza

Now that I've gotten your attention with the MD's Corner (No not Medical Doctor but **M**embership **D**irector's) I would like to take this opportunity to welcome all new members to the club. By the time this newsletter comes out we will have already had our shore dive planning meeting and hope to encourage everyone to get involved and lead a dive or go out on a shore dive. Warm weather is here finally so lets get out and do some diving!!!!

My trip to Morehead City is booked solid and I will be unavailable for the May general meeting (sorry but I'll be on Jonathan Bird's Wild Dolphin trip with Alicia Lenci and Al Bozza also). In my absence please see the Shore Dive Coordinator- Peter McCarthy who will be handling my duties for the evening. If any one has any questions or concerns about membership please feel free to e-mail me at: membership@neadc.org. Remember, Dive Safe & Dive Often!

ENVIRONMENTAL AFFAIRS Alicia Lenci

New England Artificial Reef Society: Volunteer Divers Needed

Learn how to be a volunteer diver for The New England Artificial Reef Society (nears.org)

Sunday May 5, 2002 9:30 am- all day

Pebble Beach, Rockport, MA

Come to Pebble beach for the day to learn all about The New England Artificial Reef Society and how to participate in substrate data collecting. This will be a training day to learn how to perform transects underwater (a special method to collect baseline ecology data) and help make the tools needed (transect lines and slates) Bring your dive gear for we will try out your new skills. There will also be groups from other local clubs attending. Don't forget your sun block and lunch. To participate with the NEADC group Contact – Alicia Lenci 617 889 1486 al@nutter.com

GAFC/REEF and STELLWAGEN BANK CELEBRATION JULY 20th from Bob Michelson SBNMS REEF Coordinator

Our dives for the 7/20 celebration event are now all set. Here is the break-down as to sites and who will be leading them:

John Irza from MWDC will lead a dive to Cathedral Rocks

Amy Maurer from The North Shore Frogmen will lead a dive to Pebble Beach

Jim and Laura Stewart from NEADC will lead a dive to Magnolia Rocks

Brandy Derickson from NEADC will lead a dive to Folly Cove

Peter Marck from MVDC will lead an early morning dive (8:00 a.m.) to Old Garden Beach

We have scrubbed Back Beach due to a lack of free available parking on hot July weekends.

Have all your divers report to Stage Fort Park by 10:00 a.m. for sign-in, then each group leader will escort their divers to the designated sites and conduct your dive(s), then return to Stage Fort Park, fill-out scan forms and enjoy some good food and activities. Anyone interested in joining Peter Marck's early AM dive to Old Garden Beach should coordinate separately with Peter prior to 7/20.

The way our raffle will work is as follows: Each diver who has conducted a survey dive and submitted their scan form(s) upon returning to Stage Fort Park will have their names entered one time into the free equipment raffle and a second time for the free grand prize drawing (dive in the Giant Ocean Tank at New England Aquarium). There will also be a cash raffle for one Dacor Regulator and a set of Scubapro Split-style fins. All proceeds from the cash raffle will go directly to REEF to offset the cost of all the great food and drinks you will be enjoying at no cost!

Thanks to all of you for helping to make this an incredible event!

New England Aquarium IMAX film festival

Free and open to the general public thanks to the support of the
Lowell Institute

No reservations necessary. First come, first served. For more
information contact Ken Mallory, New England Aquarium, Central Wharf,
Boston, MA 02110 Tel. 617-973-5295 e-mail <kmallory@neaq.org>

Monday, May 20

8-10:00 P.M.

Galapagos

The first 3-D collaboration between the Smithsonian and the IMAX Corporation, this larger-than-life movie, set in the famous Galapagos Islands, follows the research activities of three scientists: Carole Baldwin and David Pawson from the Smithsonian Institute Natural History Museum, and John McCosker from the California Academy of Sciences. Baldwin, a marine biologist, had never before been to the archipelago and it is through her eyes that the audience discovers this amazing place.

Galapagos represents more than just a film about captivating wildlife and scientific exploration; important scientific discoveries resulted from its production, including the collection of numerous new, previously unknown, species of marine fishes and invertebrates.

The film will be followed by a discussion with marine biologist Dr. Carole Baldwin from the Smithsonian Institution's National Museum of Natural History

Tuesday, May 28

8-10:00 P.M.

Island of the Sharks

From the director of Into the Deep, comes a magnificent expedition that takes you 300 miles off the west coast of Costa Rica to the remote animal sanctuary of Cocos Island. This amazing underwater world shelters some of the ocean's most feared and misunderstood predators. Island of the Sharks allows you to dive with manta rays, barracudas, giant sea turtles, porpoises and witness hundreds of sharks as they swim past you on the giant IMAX® screen. Produced by NOVA/WGBH Boston and Howard Hall Productions in association with the New England Aquarium.

The film will be followed by a discussion with Michele and Howard Hall, the film's producer and director/filmmaker and with shark scientist Sonny Gruber from University of Miami's Rosenstiel School of Marine and Atmospheric Science

DIVE ADVENTURES WITH JONATHAN BIRD

BACK TO DOMINICA!

You heard the stories, you saw the slides, and you wished you were there! After a two year lapse, the NEADC Dominica trip is back! Join your program director Al Bozza along with underwater photographer Jonathan Bird for a fun-filled week exploring the world's greatest island. Underwater, you will see frogfish, seahorses, incredible coral reefs and have spectacular night dives. In addition, we will swim in waterfalls, hike through the rainforest, visit the Sperm whales and lounge in the hot tub. You will soon see why Al and Jonathan consider Dominica the world's greatest island. Dates: January 18-25, 2003. Cost \$995 per person including: 7 breakfasts, 7 dinners, Two (2) tank boat dives (AM) x five (5) days, Weights, Belts, Boat & Dive Master, Unlimited shore dives off Dive Shop, Airport transfers (round trip only), Service Charge and Government Hotel Tax, Complimentary Rum Punch on arrival. Only 20 spots are available, so don't wait. Trip deposit: \$250.00. More details at: <http://www.oceanicresearch.org/dominicatrip.htm>

Fiji: How about a trip to the coral capital of the world during the height of the clear water season? Fiji in August aboard the luxurious Fiji Aggressor II...101 feet long and only ten passengers...a few spots left. EASTPORT, MAINE: Dive at Jonathan's house--the ultimate cold water critter diving. MANATEES at Crystal River in February. Check out these trips and more: www.oceanicresearch.org/diveadventures.htm

2002 SUMMER MARINE BIOLOGY PROGRAM

INTRODUCTION TO MARINE BIOLOGY BIO1174 4 Credits

Learn about marine life this summer! Gain a broad introduction to the remarkable diversity of life in the ocean and coastal regions. Emphasizes oceanography, the marine environment and the adaptations of marine organisms to the unique properties of the ocean. The course begins with a survey of the major physical, chemical and geological characteristics of the ocean - setting the stage for investigations of the ecology and behavior of the major groups of marine life. Prospective field trips include rocky beaches, salt marshes, whale watch and a trip to the New England Aquarium. No prerequisites. Offered evenings: Tuesday, Wednesday, Thursday 6:00 - 9:00 p.m.; June 26 - July 26

MARINE BIRDS & MAMMALS BIO1449/BIO3349 4 Credits

A comparative study of marine birds and marine mammals and the adaptations that enable these vertebrates to exploit the marine environment. The course is field-oriented and emphasizes research on physiology, ecology, behavior, zoogeography and phylogeny. On field trips we visit coastal habitats for shorebird studies and offshore waters to study cetacean behaviors and adaptations of New England species. Students should have a solid science background. All students should bring binoculars. Offered Fridays 9:00 a.m. - 4:30 p.m.; June 22 - August 24

DIVING RESEARCH METHODS BIO1270/BIO3270 4 Credits

A field-oriented course designed to introduce SCUBA certified students to techniques used in the study of biology, ecology and physiology of subtidal organisms. Current underwater research methods are learned and implemented in underwater exercises. Potential topics for lectures and labs include: diving physiology, sampling design, statistical analysis, underwater video and photography, population census methods, measurement of currents and hydrodynamic forces, underwater telemetry, and use of submersibles in research. Students supply their own dive gear except tanks. Research diver and O2 administration certifications are available. This course fulfills AAUS scientific diver training requirements. Scuba certification and extensive dive physical are required. Offered 9:00 a.m. - 5 p.m.; June 11 - 17, and June 22 - 24

For more information go to www.marinescience.neu.edu

Or email sgenovos@lynx.neu.edu

July	20	The Mouth of Loblolly Cove	October	20	Paradise Cliffs
July	28	The Chelsea	October	26	Halibut Point

EASY DIVER. 25 years operating dive charters around Cape Ann. Normal charge is \$50.00. NEADC members pay only \$40.00 (cash or check payable to Fred Calhoun). Passengers may bring two cylinders. EASY DIVER sails from "J dock" at the Cape Ann Marina leaving at 10 a.m. Boat returns to the marina around 3 p.m. EASY DIVER boasts a clean toilet and a private 'changing' area. The captain will make every effort to safely dive the locations noted on the dates indicated. However, weather and other conditions may dictate that the captain chooses a different dive site. EASY DIVER does not sail during inclement weather...fees are refunded. The crew is composed of certified scuba instructors. We will dive with you if you wish...we will leave you alone if that is what you wish. The boat tends to fill up fast, so advance registration is recommended. Fred Calhoun, Apple Ridge 2-6, Maynard, MA 01754, telephone: (978) 897-0877.

CALENDAR OF NEADC DIVES and EVENTS

Please call the Contact Person prior to the dive to confirm meeting time and place.

NEADC CHARTER BOAT DIVES – our club has the entire boat

NEADC TRIPLE DIVE - BOAT DIVE

Friday July 26th, 2002 7am - 5pm, Gloucester ,MA.

A three tank *all day boat trip* to three dive sites of our choosing such as *Halfway Rock* , *Dry Salvages*, or lobstering at *Bass Rocks* with Cape Ann Divers aboard their large spacious boat which have hot showers.

Discounted NEADC group price is **\$75/diver**.

First come/First served- Limited to 15 divers.

Bring or rent your own tanks, weights, water and lunch

Hold your spot before it sells out –see below

NEADC 5TH ANNUAL SEAL DIVE

Friday August 23rd, 2002 7am - 5pm, - Isles of Shoal, ME

A two tank all day boat trip **departing from Gloucester Marina** to the Isles of Shoal to dive with Seal colonies with Cape Ann Divers aboard their large spacious boat which have hot showers.

This is a very shallow dive near shore 5-25 feet with low viz, which makes for great seal underwater encounters. We have had fantastic seal encounters every year. We stay in the same dive spot for two seal dives with the seals.

Discounted NEADC group price is **\$75/diver**. Non-divers, observers and snorkelers are welcome.

Bring or rent your own tanks, weights, water and lunch.

First come/First served- Limited to 15 divers/observers/snorkelers.

Hold your spot before it sells out – see below
